We offer presentations for parents, carers, teachers and young people. We cover the dangers posed by the Internet, where risks lie, sexting, cyberbullying, how to protect children and where to go to for advice and information.

We aim to promote the benefits of the Internet but raise awareness of the risks to children and young people and what can be done to minimise the risks.

We cover:

- **Content** - inappropriate or adult material
- **Contact** - inappropriate contact including those who might use the Internet to exploit a child
- **Conduct** - including cyberbullying and sexting, how to prevent and respond to it.
