

Stop It Now!

WALES | CYMRU

Helping prevent
child sexual abuse

Train the trainer events

Please choose one event:

1. **Wednesday 3 November 2021**
Thursday 4 November 2021

2. **Tuesday 16 November 2021**
Wednesday 17 November 2021

The training events will familiarise participants with the Stop It Now! Wales Parents Protect! presentation. The aim is to enable participants for onward delivery with parents and within their community. This is our 2-hour session to raise awareness and provide information for adults on the facts around child sexual abuse and our responsibility to prevent it.

Attendees will be provided with resources to aid their own delivery. We are looking for motivated, enthusiastic individuals, who are passionate about protecting children from harm to participate in this training. It is open to any professional working in Wales, who works with groups of parents and carers.

Each free event will take place over two consecutive mornings between 9.30am and 12.30pm. Training is held virtually via Zoom.

Overall aim: To be able to deliver a Parents Protect session with groups of parents or carers to prevent child sexual abuse.

Learning outcomes for the session

- Recognise the risk of child sexual abuse
- Understand who causes sexual harm to children
- Explore how the sexual abuse of children happens
- Consider the positive preventative actions that parents can take to protect children and young people from sexual abuse.

Train the Trainer Champions

Participants who complete Train the Trainer course and go on to deliver Parents Protect, will become Stop It Now! Wales Champions. If you choose to become a Champion, we will support you throughout your journey.

Reasons to become a Train the Trainer Champion:

- Protect and safe-guard children from harm
- Help build awareness of child sexual abuse in your community
- Great asset towards your continuing professional development (CPD)
- Develop your confidence and the confidence of others
- Increase and develop your own communication and social skills
- Increase safety and resilience in your community.
